SWEDISH LEATHER-WRAPPED BRASS DESK LAMP

FALKENBERGS BELYSNING
1950s
Brass, leather
19" high x 13 1/4" diameter
$3,300

We love every variation of this theme: the brass desk lamp with leather-wrapped stem made in Sweden and Denmark in the first half of the 20th century. This one has a handsome brass shade and the circular finial echoes the shape of the base. Original push switch, recently rewired.
