

LAWTON MULL

CRYSTAL AND BRASS FLOOR
LAMP BY CARL FAGERLUND FOR
ORREFORS

CARL FAGERLUND

1950s

Brass, glass

42 1/2" high x 18" diameter

Sold

A glamorous floor lamp, the stem comprised of alternating cut crystal and satin brass, the base a thick circle of glass molded to resemble a lily pad. It's a perfect reading lamp for one of the low seats of the Swedish modern, as pictured here, casting an intimate light.

Dimensions include the paper shade it is photographed with.
