ERIC WARNA FOR KEMP & LAURITZEN
1960s
Brass, crystal
7" high x 18 3/4" wide x 7" deep

Sold

This was one profile in a line called "Nordlys," or Northern Lights, by Danish designer Eric Warma. Produced for a very short period in the 1960s, they have a timeless elegance. Interlocking cylinders of fluted glass, held in a brass frame, diffuse the light quite beautifully. We have another, circular, example from this line.
