## SCANDINAVIAN STONE BIRD BATH WITH RELIEF CARVING

SCANDINAVIA  
mid-20th century  
Stone  
22" diameter x 9" high  
\$9,500

Four determined garden mice climb the sides of this unusual stone birdbath or jardinière. The textured surface has acquired the lovely, mottled green patina of outdoor use. A piece of garden sculpture the likes of which we've never seen.
