SIDE TABLE

SWEDEN

1950s

Marble, wood

25" high x 24 1/2" wide x 12 1/2" deep

Sold

At first glance a very simple design, this small side table rewards closer examination. The dark gray and white marble top makes a nice contrast with the warm finish of the wood. The single drawer and the apron are ornamented with a very pretty geometric inlay, the sides of the drawer ending in a diagonal which meets the table frame flush. A lovely piece of craftsmanship.
